JL BUSINESS SALES

Fireproof Your Future

A rare chance to acquire a specialist leader in passive fire remediation, serving body corporates, retirement villages, and complex commercial assets across Auckland.

Established reputation, Producer Statement authority, and membership with the Fire Protection Association underpin consistent demand from compliance-driven projects. Revenue is diversified across multiple sites with robust documentation and QA systems that de-risk delivery and support timely payment.

A disciplined, trained team of 22 enables scale without dependence on the owner, who currently oversees relationships, bids, and governance. With strong SDE and a pipeline supported by council enforcement, this is a stable platform for expansion into Wellington and Christchurch or to deepen share in Auckland. Ideal as a bolt-on for a construction services group, or an owner operator seeking high margins with durable, non-discretionary demand.
