

Harrisons Carpet and Flooring Franchise for Sale Auckland

A Fantastic opportunity to own a business where you can earn six figures and maintain a great Work/Life balance

If you are looking for a business where you can easily earn six figures whilst still maintaining a great Work/Life balance then this could be for you. With most of the many leads in and around Mt Eden, Parnell, Epsom, Remuera and the Bays, you can enjoy a latte in one of the many great cafes or relax at the beach in between appointments.

After growing and running the business successfully over the last 10 years, its time to move on to my next adventure. I have enjoyed my time immensely and not in a rush to sell, so I want it to be taken over by someone that can give it the same love and get the same enjoyment and rewards that I have.

We are the leading mobile in-home service providers, helping New Zealanders create a warm and inviting home they love to live in.

If you are an approachable, outgoing, and friendly individual or couple, you are pretty much there in terms of what is required – Full training is given to the successful buyer so you can hit the ground running with a full lead calendar and an amazing team of installers and admin support in place

We are the leading mobile in-home service providers, helping New Zealanders create a warm and inviting home they love to live in.

Business Resources
