

Absolute Unicorn - Recurring Income - \$770K Profit

This is one of the most robust and well-structured businesses available in New Zealand, offering a combination of loyal customers, subscription-based revenue, and a full operational team. With a consistent (circa) \$760,000 in Seller's Discretionary Earnings (SDE), this business provides rare income certainty and scalability.

A loyal customer base provides a robust safety net – all through a smart systemised model. The core service offering drives high client retention, generates strong cash flow and optional seasonal upsells that further boost profitability.

Currently managed by a regional head office, the business operates across multiple regions via a fully branded fleet and experienced staff. The head office could easily be relocated. With leadership in place the company is set for flexible ownership styles - be it hands-on or hands-off.
