Location: **Nelson Bays**
Asking: **\$35,000**
Negotiable
Turnover: **\$97,234**
Type: **Services-Other**

Work outdoors with dogs, earn reliable income, and own a trusted 15-year business that runs smoothly with loyal clients and systems.

This is a boutique dog-walking service with a trusted reputation built over 15 years. Known locally for reliability, professionalism and genuine care, the business has 40 + weekly clients - 100% of income is recurring.

Operations are fully systemised with clear procedures, loyal long-term clients, and smooth weekly routines that make this an easy, turnkey takeover for a new owner.

A hands-on owner who takes on even part of the walking load could boost profitability by up to 60%, as the largest current expense is contract walkers (\$50,000+ p.a.).

Why This Business Stands Out:

1. Reliable income: 95% recurring monthly bookings.
2. Flexible lifestyle: work outdoors, set your own hours (no weekends!)
3. Easy handover: well-trained staff, detailed procedures.
4. Proven growth path: scope for pet sitting, daycare or grooming.
5. Booming region: Motueka & Mapua seeing steady population and pet growth.

If you love dogs, nature and the idea of running your own thriving lifestyle business, this is a rare chance to step into a respected established pet service provider with everything ready to go.

Perfect for an animal lover, career-changer, semi-retiree, or family seeking a meaningful lifestyle business. No special qualifications required - training provided.

Next steps: Serious enquiries only. Info pack provided on signed Confidentiality Agreement.
