Arborist Business - Auckland to North

This is a well-established, profitable, and highly reputable business with a broad range of services including arborist services through to landscaping. These services are provided to residential, commercial, developers and public-sector clients.

There is a team of dedicated, qualified, and experienced staff, with potential for one staff member to step into a management role under the guidance of a new owner. There is work in the pipeline and \$170k of assets in place to support ongoing operations.

After a thorough handover, the current owner would consider staying on as a contractor for a period to provide a smooth transition and relationship building time with the staff and clients.

With stable turnover and strong margins, the business operates very efficiently as it is, but clear opportunities exist to increase turnover and profitability. The business is already structured for a new owner to capitalize on these opportunities.

This business is able to be run by anyone who is business-minded and keen on an outdoor business opportunity, not just those already in the arborist industry.

Asking: \$675,000
