Film Camera Store & Brand - Profits \$164,000+ | 6 months of stock | Strong on-going stock supply

Since 2019, Junktion has established itself as a well-known film camera specialist. Junktion has one of New Zealand's best selections of film SLR cameras, vintage cameras, Super 8 cameras and VHS film cameras, proudly on display in their K'rd St Kevin's Arcade character store. With a lean, streamlined operation and an in-house reusable 35mm camera brand (Candid), it's ready to scale.

Over the past year, while many in the retail sector have struggled, Junktion have proven to be exceptionally recession-proof. This past financial year highlighted the resilience of the business, with revenue remaining strong and stable over FY24 and FY25, resulting in a FY25 EBITDA of \$164k before owner's takings. This is a turn key business, that positions a new owner well to fully capitalise on the impending post-recession growth and Auckland City infrastructure upgrades (CRL).
