### Search for the impossible - They have it in stock

This long-established, privately owned Auckland-based New Zealand business has been successfully operating for over four decades. It has become a trusted supplier to a wide range of industries across the country and exports regularly to international customers.

Carrying thousands of product lines and literally millions of stock items this business has built a strong reputation for its in-demand product lines. Its wide product range and growing loyal customer base ensures consistent profitability and reliable repeat business.

The company's strength lies in its diversity, specialist knowledge, and long-standing relationships with manufacturers, wholesalers, and industrial clients. It also holds several proprietary designs, tooling assets, and intellectual property that contribute to its unique market position.

With proven systems, efficient operations, and a highly experienced team in place, the business provides a solid platform for continued growth.

New ownership could easily learn the business with the support of the experienced team, work on it - not in it, and expand further into both local and export markets through increased marketing, product development, and online presence. This business has a big future ahead.

After spanning two generations, the owners have decided it's time to pass the business on and enjoy the financial rewards of their many years of success.

Price: \$3,500,000 + GST (if any)
