

Mushroom Farm Business for Sale Queenstown

Premium New Zealand mushrooms and fungi based foods- sustainably grown,nutrient rich,chef approved and crafted for flavour,wellness and the planet

Remarkable Fungi grows and crafts premium New Zealand mushrooms and fungi based foods, celebrating nature's intelligence and sustainability. We cultivate gourmet and functional mushrooms using regenerative methods and transform them into innovative products like mushroom jerky and mycelium based foods which can be seen on TV appearances like Nadia Farm and Snow Chef. Supplying leading restaurants, cafes, retailers and distributors nationwide, we connect chefs and consumers to the remarkable flavour and nutrition of fungi. With rising global demand for sustainable protein and functional foods, we sit at the intersection of wellness, taste and environmental responsibility. Our operations blend science, craftsmanship and local ingredients to create nutrient rich, flavour-forward products with minimal waste-inspiring people to eat remarkably while supporting community wellbeing and the planet's future.

Business Resources

Remarkable Fungi operates from a purpose built facility in Queenstown, equipped with controlled environment grow rooms, drying and packaging systems and commercial sterilizing equipment. Our skilled team includes growers, food producers and product developers focused on quality and innovation. We utilise sustainable cultivation systems, digital inventory, ordering platforms and local distribution networks, with ongoing support from regional food, science and business development partners.
