

HR Software Platform Business for Sale National

Fully developed HR software platform! Ready for launch and primed for growth.

Full Circle People Management Solution Ready to Scale

A unique opportunity exists to acquire a fully developed HR and people management platform that's been refined through beta testing and is now primed for commercial rollout.

This cloud-based system streamlines every stage of the employee journey — from hiring and onboarding to task management, performance tracking, and offboarding, delivering a true end-to-end people management solution. It also includes an integrated job board that connects employers directly with candidates, helping businesses manage staffing more efficiently.

Business Resources

Highlights:

1. Complete HR platform – from recruitment to offboarding
2. Fully developed and beta-tested – ready for immediate launch
3. Pre-revenue, offering strong growth potential
4. Recurring income model with excellent scalability
5. Suitable for SMEs and multi-industry use
6. Ideal bolt-on for an established HR, payroll, or workforce management business
7. Opportunity to take a market-ready system straight to commercialisation

With all core development and testing complete, the hard work has been done. The platform is ready for a new owner to launch, scale, and grow the business.
