

Commercial Cleaning and Pest Control Business for Sale Waiheke Island

Own the market, secure yourself the only specialized cleaning and pest management company based on the Island.

Established in 2011, On The Spot Cleaning Services offers a specialized cleaning service to both residential and commercial clients locally. In 2022 we expanded by launching Bug Patrol which provides pest management services locally.

The business can be operated from anywhere on the island, and only requires some storage space (roughly 1 garage sized space), and 2 carparks to store the equipment and vehicles.

There exist opportunities to grow by expanding the local customer base, targeting other markets beyond Waiheke Island, as well as expanding to offer additional services.

Services included in the sale are:

- Carpet and Rug Steam Cleaning
- Hard Floor Maintenance
- Mattress Steam Cleaning
- Upholstery Cleaning
- Leather Care
- Stain Treatment
- Fabric Protection
- Flood Restoration & Structural Drying
- Chimney Sweeping
- Heat Pump & AC Service Cleans
- Pest Management (Ants, cockroach, rodents, flies, fleas, carpet beetle, etc.)

The business currently has 1 full time employee who performs all cleaning related jobs, and 1 full time owner who runs the business, as well as does the pest management jobs.

The current employee is happy to stay on, however the current owner is not.

Location: **Auckland Region**

Asking: **\$220,000**
Negotiable
