ASPHALT BUSINESS .FY26 PROFITS \$750,000+
Auckland

Auckland Asphalt Business with FY26 Profits of \$750,000+

It's all about the long-standing customer base, great service standards & very experienced team.

The existing customers are what makes this business an absolute peach: consistent revenue and a large volume of ongoing projects. An incoming owner can choose his path, turn this into a managed business, take over as the General Manager or something in between.

There is significant upside in the marketing, social media & advertising of this business because none of this currently happens. I cannot remember a business being so successful that did not have a website. Lots of low-hanging fruit exists to take this business to the next level and build on its amazing success.

Business Highlights

- No marketing or advertising currently done
- Experienced team in place
- Amazing long-standing customer base
- In-house mechanic / workshop
- Rock-solid lease on offer or flexibility to relocate
- Great handover on offer for a seamless transfer of ownership
- Great scope to grow diversify / run under management
