DIESEL MECHANIC
South Auckland

Diesel Mechanic - Light & Heavy. Profits of \$275,000+

The existing business is being relocated, the fitout will remain along with some very experienced team members and a solid base of major accounts who have contracts in place for ongoing servicing. An incoming owner would ideally be a diesel mechanic to lead the team, manage client relationships, and build on the existing customer base.

Great potential to grow the client base in this prime location, with significant scope to make an impact on quality service and support, or - if you have your own machinery and are sick of delays or big servicing bills, here is your opportunity to bring that servicing inhouse to this modern fitout with great facilities.

Business Highlights

- Historical working owner profits of \$250,000+
- Trading hours Monday to Saturday
- 250m2 workshop
- Massive yard 1500 m2
- In-ground pit fully equipped, electric hoist, forklift
- Great opportunity for a business to bring servicing in house
- Solid lease on offer that includes accommodation
