Fully Set Up and Ready to Go. This young and growing cracker business has been operating successfully for 12 months.

Specialising in certified organic cracker mixes, this growing business has built a loyal following through weekend markets, fairs, and repeat retailer orders. It currently requires part-time involvement, including some weekends, making it ideal for an owner-operator passionate about artisanal food production. With 30 established customers and steady demand, it is well-positioned for someone wanting to step into a fully functioning operation. Being gluten-free, keto-friendly, plant-based, and dairy-free offers strong potential for wider appeal and product development. Growth opportunities include expanding into new markets, adding stockists, increasing online sales, or extending the product range. This ready-to-go business provides an excellent opportunity for a motivated buyer to continue its momentum and guide the brand confidently into the next stage of expansion.
