### Well Set-up Diesel Mechanic Business - IN LIQUIDATION - OFFERS WELCOME

A full diesel mechanical workshop complete with tools and vehicles has become available for quick purchase as a result of a recent liquidation. The opportunity to purchase as a going concern includes longstanding customer lists, existing stock, vehicles at book value and an extensive range of tools and equipment. The business comes with full Certificate of Fitness capability which will be of significant benefit to a future owner.

This is a rare opportunity to obtain valuable assets and customer relationships at a reduced price. The recency of the liquidation process means selected staff may be available for contracted employment. All offers will be treated in confidence.
