

Food Production Business for Sale Richmond

Premium Frozen Ready Meals Brand-Proven & Ready for Its Next Chapter Rare opportunity to step into (or scale) a fast-growing NZ food business (RELOCATABLE)

This is an opportunity to acquire a **well-established, premium frozen ready-meals business** that has already done the hard yards:

Highlights

- Fully MPI registered and NIP compliant
- Vendor-approved, charge-through supplier to major South Island supermarket groups
- Nationwide direct-to-consumer sales via branded e-commerce platform
- Professionally designed retail packaging, GS1 barcodes
- Proven SKUs with repeat sales and strong shelf performance
- Scalable production model with clear pathways for growth

Built over the past two years by experienced food industry operators, this business has been carefully designed to be **retail-ready, scalable, and adaptable** to a range of ownership styles — from hands-on owner-operators through to established food businesses looking for a strategic bolt-on.

Current owners are now looking to exit ahead of the next round of capital & staffing required to deliver capacity and scale and are motivated to offer ongoing support (if required) to a new owner.

The frozen ready-meals category continues to grow as Kiwis look for convenient, high-quality alternatives to takeaways. This brand is positioned squarely in the **“trusted, premium, locally made”** space — a segment showing strong and sustained demand.

Business Resources

1. Brand exists-products are proven & retail ready
2. All operational & distribution systems are in place (Frozen Logistics)
3. Sales channels are live with multiple routes to market (DC Distribution In Negotiation)
4. Foundations for scale are already built
5. Full Commercial Kitchen Assets Included
6. Relocatable (Premises NOT included) Lease maybe subject to renegotiation
7. Comprehensive SOPs and documentation

Full training/handover & operational support included.

Optional vendor assistance or extended involvement for the right buyer
