

## For Sale

Location: **Auckland**  
Asking: **\$975,000**  
Type: **Accommodation-Other**

### Premium Tourism Accommodation - Auckland | Profit ~\$450,000

A rare opportunity to acquire a well-established premium accommodation business serving international and domestic visitors year-round. The business manages premium apartments on behalf of private owners - no property ownership required.

Automated systems and a dedicated team deliver exceptional guest experiences with minimal owner involvement. Dual revenue streams provide strong, consistent returns.

- Premium accommodation with year-round guest demand
- Automated operations with an experienced team in place
- Proven systems and processes in place
- Multiple growth initiatives identified but not yet pursued
- Owner currently works limited hours
- Profit ~\$450,000 to working owner

Tourism accommodation businesses are highly valued, but most carry significant overhead and inventory risk. This one was built differently - lean operations, automated systems, strong margins. With growth potential still waiting to be realised, opportunities of this calibre rarely come to market.
