

# Automotive Workshop Business for Sale Gisborne

## Highly regarded and award winning Automotive business that has been serving the Gisborne community for over 70 years

Bensons Auto Clinic is an award winning automotive workshop that started as an auto electrical business and branched out to include mechanical repairs. It is also a Battery Town supplier of vehicle and boat batteries. This is a perfect opportunity for an owner operator or investor with employees. It has been around for over 70 years, gotten through covid, flooding causing business interruption after cyclone Gabriel and the worst recession in its time. Now is the time to take it to the next level and thrive!

### Business Resources

Auto electrical apprentice, Auxo Workshop system, two hoists, top of the line scan tools and key programming equipment, Brain B fully automatic air conditioning machine, alternator test bench machine. Current owners happy to help with transition, moving on due to health reasons.
