### Mini Supermarket, \$35-40K/W. No Ciggis! High GP

This high-performing mini-supermarket in the Auckland CBD occupies 450sqm with a modern, high-end fitout designed for efficiency and growth. The space features wide aisles, extensive refrigeration and chillers, smooth customer flow, an upstairs office, and ample storage-an increasingly rare CBD asset.

A key advantage is the brand-new, unused commercial kitchen, fully compliant and ready for immediate food production and high-margin offerings.

Generating weekly sales of \$35,000 - \$40,000 without selling cigarettes, the business achieves an exceptional gross profit margin of ~40%. The recently renovated fitout, valued at over \$372,000 (nearly 50% of the purchase price), provides immediate asset backing and downside protection.
