

# Sheetmetal Fabrication Business for Sale South Auckland

## For Sale

Location: **Auckland**  
Asking: **\$330,000**  
Type: **Manufacturing**

### Established Sheetmetal Fabrication + Engineering Business, South Auckland

A rare opportunity to acquire a long-established, highly regarded sheetmetal fabrication and engineering business operating from a well-positioned South Auckland site. Known for quality, reliability, and practical problem-solving, this business delivers bespoke, technical solutions for a wide range of commercial and industrial clients, with work largely driven by repeat customers and referrals.

#### What they do

- Custom sheetmetal fabrication, including machine guarding and safety enclosures
- Access systems such as ladders and platforms
- Tanks, pipework, chutes and ducting
- Ongoing maintenance, repairs, and component replacement
- Some light production work (standardised components)

#### Why this one stands out

- Strong reputation and loyal client base, including well-known businesses across multiple industries
- Low competition locally, with several nearby operators having exited the market
- Consistent performance over recent years, with average revenue around \$741k and average owner's earnings around \$110k
- Well-equipped workshop and plant, ready to support ongoing operations and growth

#### Big upside

Despite strong capability and demand, the business has no website, no digital presence, and no structured marketing. A new owner who adds a basic marketing engine (website, branding, light outbound sales) has a clear pathway to lift enquiries, broaden the customer base, and scale.

#### Ideal buyer

Best suited to a trade-qualified sheetmetal worker or engineering tradesperson, or a hands-on operator with strong technical problem-solving ability. Also well suited to a two-partner ownership model.
