Medical High-Precision Business for Sale Bay Of Plenty

Medical High-Precision Business with $500K Profits

Looking for a specialised, tech-enabled business with loyal clients and real room to grow? This established health business offers precision craftsmanship, consistent demand, and a rare market position.

Operating nearly two decades, the business focuses exclusively on high-value fixed restorative work, which sets it apart from generalist providers. Its reputation is built on quality, trust, and strong technical capability, supported by long-standing referral relationships and minimal local competition. The facility is fully equipped with advanced in-house technology and a modern digital workflow aligned with current clinical standards. An experienced, multi-skilled team is in place, enabling efficient turnaround and the ability to handle complex cases with confidence.

Key strengths include:
* Niche focus on high-value restorative solutions
* Exclusive in-house production for greater control and consistency
* Fully digital workflow and advanced technology
* Strong referral relationships built on performance and reliability
* Stable, skilled team with capacity to support growth
* Excellent reputation in a market with high barriers to entry
* Consistent repeat work with no reliance on any single client
* Untapped marketing upside (no current digital presence)
* Multiple growth paths: establish marketing, expand capacity, introduce premium services

The current owners are hands-on, balancing technical and operational roles. For a new owner, this provides flexibility: a qualified specialist can step into production, or an investor/operator can focus on scaling the business while leveraging the experienced team already in place.

A rare opportunity to acquire a purpose-built, high-performing business with loyal clients, a specialised offering, and clear pathways for growth. Enquire now.
