

Drug Testing Franchise for Sale Otago Region

A proven market leader, delivering comprehensive workplace drug testing solutions supported by expert policy guidance, staff education, and occupational health services.

Otago serves a large and diverse client base, including construction, Port, engineering, manufacturing, transportation, retail and government agencies. The region offers significant growth opportunities, strengthened by TDDA's national marketing and referral networks. Occupational health services include PEMs, AHMs, respiratory fit testing, methamphetamine testing and more. The investment provides franchisee rights, onsite operational training, IT systems training, business development support, and ongoing support from the national head office.

Business Resources

The Otago team are highly trained operational staff who deliver exceptional safety and professional services. Assets include two IANZ accredited clinics and five mobile testing vans. The Otago teams are set up to deliver all Drug testing and Health services to loyal client base. Multiple new 3 year service level agreements with local and national clients have been resigned. All this along with access to bespoke IT systems, and a franchise mentoring program, further strengthen the operation.
