Cute cafe gem up for sale

Well known little cafe gem that has been well established for 9 years. Locally owned and operated and looking for the next person to take over and make it their magic. Well established customer loyalty alongside amazing support from suppliers. This is the perfect opportunity for an owner operator to jump in and take the reigns. The cafe currently operates 6days a week with potential to do more. Our cafe is focused on friendly quality service with great coffee and food to match which is made on site daily.

If you are up for something new to start the year this could be your opportunity.

Feel free to contact for any further information.

The current owner is open to reasonable offers to consider for a sale.
