HAPPINESS

Over \$1.2M Profit every 24 months - top performer!

Long-established, highly profitable, five-day-a-week automotive business is in a class of its own. With decades of consistent trading, strong brand presence, and a reputation for quality workmanship, it is among the most secure and attractive automotive opportunities in New Zealand. Scale, stability, and recurring revenue set it apart from typical workshops and provide a low-volatility operation with a proven earnings history.

PERFORMANCE HIGHLIGHTS

- Consistent turnover with year-on-year growth prior to the weather-affected 2025 trading year.
- EBPTD exceeded \$600,000 annually across the four years before 2025, demonstrating long-term earnings stability.
- More than \$1.2M in profit achieved across every 24-month operating cycle, reflecting a reliable, repeatable performance profile.
- Five-day operating week offers lifestyle balance and scope for growth.

REASON FOR SALE After decades of successful ownership, the vendors are retiring. They are committed to a smooth, well-supported transition for the new owner and want the business to continue its legacy.

IDEAL BUYER Best suited to someone with automotive experience or sound commercial management skills who values a high-performing, low-risk business with strong systems, loyal customers, and experienced staff. Located in a welcoming, community-focused region known for warm, dry summers, mild winters, and excellent outdoor recreation, the area offers a genuine lifestyle advantage near major urban centres.

NEXT STEPS A comprehensive Information Memorandum will be supplied to qualified buyers upon signing a Confidentiality Agreement.

DISCLAIMER Read alongside the Information Memorandum to avoid any misunderstanding due to confidentiality constraints, space limits, or generic imagery. The B.I.V. QUALIFIED indicator means the business may meet criteria for the NZ Business Investment Visa; buyers must obtain independent immigration advice.
