### Investor Opportunity. Premium Wellness Platform.

A rare opportunity to invest in or acquire a high-growth, premium wellness business positioned for strategic acquisition or national franchise expansion.

This Auckland-based wellness centre is built as a platform, not just a clinic. It combines strong early traction, a luxury customer experience, and a pipeline of high-margin services that significantly lift revenue and enterprise value.

**WHY NOW** The global wellness and recovery market is accelerating at double-digit growth rates. • Strong consumer shift toward evidence-based, preventative health • Demand for non-invasive performance and recovery therapies is surging • First-year traction confirms product-market fit and pricing power

**UNIQUE POSITIONING** A premium, science-led alternative to generic wellness studios providing an integrated therapy offering across a broad range of therapies designed for high-value clients: executives, athletes, biohackers, corporate wellness programs, health and wellness enthusiasts • Boutique, luxury environment with strong brand equity potential

**GROWTH ACCELERATORS** The next phase materially lifts both revenue and valuation: • Launch of IV Infusion Therapy • Introduction of Hyperbaric Oxygen Therapy (HBOT) • Significant increase in average revenue per member • Margin expansion through premium, repeatable treatments • Fully scalable, franchise-ready clinic model

**INVESTOR HIGHLIGHTS** • Validated commercial traction • Strategic location with built-in demand funnel • High-margin expansion services already scoped • Capital-efficient growth model • Strong defensive characteristics in a resilient sector • Multiple exit options: - Strategic trade sale - Franchise roll-out and partial exit - Platform aggregation
