South East Auckland Franchise - Digger Detailing mobile business (Turn key opportunity)

This mobile business provides professional cleaning and detailing of excavators, earthmoving machinery, and heavy equipment — a niche but high-demand service within the construction and civil sectors.

With established clients and repeat work, this opportunity is a true key business and is already trading and ready for a new owner to step in and continue.

Business Resources

If you have wanted to take control of your life with a decent work life balance and ditch the 9-5, this opportunity is not one to pass up!

Key Features:

- Operating South Auckland business with existing work.
- Strong demand from construction and machinery clients
- Mobile service model – low overheads
- Profitable business
- Plant & equipment included
- Systems, processes, and branding in place
- Training and handover provided with ongoing support
- Ideal owner-operator business with lots of growth potential
- This is a turnkey opportunity — continue trading from day one with customers, equipment, and processes already established.
- Following completion of the Auckland sale, the business will expand the franchise network into other regions.
- Expressions of Interest are invited for the Waikato region, which will be the next territory released.
