

Florist Shop Business for Sale Auckland

Long established Floral Studio operating in East/ South Auckland for last 25years, excellent online presence with huge potential for growth

Ultimately a very busy online Floral Studio, without paid advertising, with added foot traffic due to great exposure on Google/online and being within a very busy business area.

Fully equipped, ready to go, immediate possession available, be in for Mother's Day 2026. So very close to the new Flower markets, and surrounding wholesalers.

Am open to options with selling of the website, and the Floral Studio separately, and all offers will be considered
