+GST**
Type: **Franchise Resale / Services-
Home/Garden**

Harrisons Curtains & Blinds Taupo Enjoy the freedom of Taupo's renowned lakeside lifestyle with your own flexible work schedule

One owner, purchased as a new start-up business in Feb 2020. Best thing I've ever done, started making money from the first month in business! Excellent growth and profit margins, managed as owner/operator with one part-time administration assistant and 3 contracted installers. Only selling to concentrate on expanding our other family business.

This business is also ideal for a couple or two business partners: with one person managing client engagement and sales, and the other completing all the installations - double your income!

Currently servicing Taupo, Turangi, Kinloch, Mangakino, Reporoa and surrounds. Plenty of potential for further growth in continually expanding new Taupo subdivisions, potential to extend the sales territory into Rotorua and Taumarunui

Mobile showroom, very low overheads. Hyundai iLoad van with custom built racking system (pictured) and all product samples included with the sale

Business Resources

- Full training & support, no experience needed. Harrisons teach you everything you need to succeed, with excellent software systems, and handover period
- Lead appointments provided, our marketing and support teams generate new client enquiries and make client bookings for you
- Top quality products and manufacturing processes
