Looking to invest in a 12 hours week Life style business for sale in Auckland? Here's an opportunity that might catch your eye and give you extra freedom

For sale: A thriving remote home-based Brand Management wholesaler supplier business with a robust national distribution network and proven performance. This opportunity delivers an impressive annual turnover of \$546,925, with gross profit at \$196,807 and net profit at \$121,376. The business has been supplying major blue-chip retailers nationwide for four years, supported by active vendor numbers.

Since early 2025, a new distributor purchase order contract valued at \$500,000 is secured for 2026 and 2027, ensuring continued strong revenue streams. The reason for sale is due to a shortage of time, as branding expansion into new countries and frequent overseas travel have become priorities. There is an option to bring in a 30% -40% share holder administration partner to manage the New Zealand operations if desired. Ideal for buyers seeking a stable, scalable business with established relationships and future growth prospects.

With an asking price of \$350,000, this venture comes with vendor finance options, making it an accessible opportunity for those looking to step into the 12 hours week work load. All the systems and logistics in place

If you're interested in taking over a solid management business with a unique brand proven sales product success and streamlined operations across New Zealand, don't hesitate to get in touch. This might be the venture you've been looking for.
