- Asset value 500k circa

This purpose-built childcare centre in East Auckland offers an opportunity for a new owner to step into an established operation with clear upside.

Currently operating at approximately 50% occupancy, the centre is already generating EBITDA of around \$200,000. Centres of a similar size operating at stronger occupancy levels commonly achieve EBITDA in excess of \$300,000, highlighting the potential available through focused management and continued marketing.

The centre features a high-quality fit-out with an estimated asset value of approximately \$500,000. This represents substantial value within the purchase price and offers depreciation advantages for a new owner.

With one of the shareholders now relocating overseas, the business is being brought to market, creating an opportunity for a motivated buyer to take over an established centre and build on its existing foundations.

Centres of this scale typically attract strong buyer interest.

Asking Price: \$750,000
