### Where the Grass is always Greener

NAI Harcourts Grenadier proudly offer a well-established, professionally-operated, lawn-care business, based in Rolleston, Canterbury, with a database of almost 2,000 customers across Canterbury.

Our Vendors have built a strong business over the past 8 years, making an exciting opportunity for a new operator. The professionalism of the business is seen in the planning of lawncare, the scientific solution approach to mitigating lawn issues, and the conscientiousness of their team.

Customers receive the benefit of knowledge, alongside the excellent quality equipment (including some unique specialised equipment items) to ensure successful lawns. New customers often come from neighbours after seeing the results of the treatment on a nearby lawn.

This presents a very attractive package for a Purchaser, who can start making money from day one, and our Vendors happily offer starting support for a Purchaser, to enable an easy settling-in period.

This is a premiere business which will be a source of pride for a Purchaser, as it has been for our Vendors. Take this opportunity to make it yours - enquire now.
