### Exciting Niche Business

NAI Harcourts Grenadier is proud to offer a bespoke niche business which manufactures and repairs plaster products, especially character features for both older and newer home interiors (items such as ceiling roses, wall cornices and other ornamental features).

The business has established a strong reputation arising from over 30 years of successful operation by our Vendor, who now seeks to retire.

This is a truly specialist business for which our Vendor is prepared to provide training to a Purchaser in the intricacies of the operation. This is a business which will particularly suit a "hands-on" practical person, and comes with everything required to continue trading well.

The business is located in ideal leased premises, with a reasonable annual rental.

The business has a website which assists in promoting the business to customers, and will appeal to someone seeking a walk-in business all ready to go. It may also suit someone seeking an add-on to an existing business.

Here's the chance to make it yours - enquire now!

\$95,000 plus GST (if any)
