

Helicopter Business for Sale Twyford Hastings

Helicopter Business for sale with established loyal client base

Bay Heliwork Ltd is a family own helicopter company that has been in business in Hawkes Bay for about 20 years.

We have CAA Air Operating Certificates for both Part 137 and Part 135 operations, and the last 5 yearly audit by CAA last in February 2025.

We have a loyal, stable customer base for our agricultural and horticultural operations (Part 137).

The Part 135 operation (tourism/passengers) has never been pushed, so has never reached its potential. This is an opportunity for someone with energy and marketing skills, as Hawkes Bay is a tourist mecca.

Bay Heliwork is one of only two helicopter companies in Hawkes Bay to have a Part 135 certificate.

Business resources:

- Lease agreement for helicopter – helicopter is leased not owned as it is more cost effective
- CAA accepted manuals
- Plant and equipment relevant to the business, including ute, fertilizer bucket, loader and trailer, drum handler, pumps, etc
- Hangar available to lease if required – we own this
- Website
- Contract pilot who knows all the clients
- Owner/ Customer liaison happy to stay on to assist with transition
