

Nail Salon Business for Sale Waikato

For Sale

Location: **Waikato**
Asking: **\$169,000**
Type: **Health/Beauty**

Calling all Nail Technicians - \$170K Income

Own Your Salon | High Income Opportunity

You already have the skills. The clients are already there. The income is already proven.

This is not just a salon, this is a rare opportunity for a skilled nail technician to take control of their income, their clients, and the quality of their work. This is your chance to step out of wages and into ownership with a nail and beauty studio built on quality, consistency, and repeat business.

This is not a "build it up" opportunity - it's a walk in and take over model.

The business attracts clients who value quality over price, which means strong repeat bookings and stability even when the economy softens. Cleanliness, consistency, and service standards are visible and embedded - this is why customers keep coming back.

The setup is simple. The systems are proven. The space is efficient. You focus on your craft and your clients.

There is upside through extended hours, adding a second technician, or expanding services, but the real strength is what's already here - a loyal client base and strong income from day one.

Who This Is For?

A qualified and experienced nail technician who wants to:

- * Earn significantly more than working for someone else
- * Control the quality of their work
- * Build on an already loyal client base

It may suit passive investors who are already in the trade. The performance of the business is closely linked to the skill, consistency, and presence of the owner.

The Numbers (3 year average)

- * Revenue: \$298,000
- * Profit (to working owner): \$170,000
- * Price: \$169,000

Next steps (confidential)

Enquire to receive the info pack. Some details of the business for sale are confidential and can only be disclosed upon completion of a Confidentiality Agreement.
