IRONWORKS COROMANDEL  
Whitianga

## Ironworks Coromandel. Engineering Solutions. FY26 Profits of \$180,000+

### Coromandel lifestyle, engineered to perfection.

Ironworks Coromandel is a well-established general engineering and fabrication business located in Whitianga, on the Coromandel Peninsula.

With a reputation for delivering creative engineering solutions, customers come to Ironworks Coromandel not just for standard fabrication, but because they have a problem that needs solving. Whether it's a bespoke fabrication job, a repair, or a completely unique challenge, the business has built its reputation on the ability to think laterally, innovate, and deliver practical, high-quality outcomes.

On offer is a fully equipped, turnkey operation. A substantial asset base is included in the sale, and a new owner will hit the ground running with a strong pipeline of forward work and the support of trade-qualified, highly skilled team member with 15 years' experience.

Set in one of New Zealand's most desirable coastal regions, this is an opportunity to combine lifestyle and income, with clear potential for further growth through marketing, capacity expansion, and business development.

### Key Highlights

- Diversified engineering, fabrication, and repair revenue streams
- Significant plant, equipment, and vehicle asset base included
- Estimated asset value of \$120,000 (market value)
- Specialised bolt store driving foot traffic and cross-selling opportunities
- Strong forward work pipeline supporting immediate income
