Singapore Automotive Services and Accessories

Based in Singapore, A reputable and established continental car repair and accessories workshop, the is built on transparency and integrity for car enthusiasts and owners in Singapore, prioritizing customer loyalty over short-term profits. It operates across three departments: a workshop specializing in European cars with diagnostics and repairs; a car accessories line offering performance and aesthetic enhancements; and retail and online sales of a broad range of products.

Business Resources

The company has 10 years of reputation credibility, near 5-star Google ratings and recurring demand through Facebook and Sgcar mart. Also has growing online presence on Shopee, Lazada and Amazon adds reach and incremental revenue and has developed a membership rewards program that encourages repeat business. the company is profitable and continues steady growth. The model is sustainable and scalable, with low contract dependency and opportunities to expand services, open new branches or secure exclusive partnerships.

Operations cover three B2 industrial units of more than 5,000 sq ft, run by a lean, skilled team using SOPs and a computerized CRM, invoicing and inventory system. The sale includes a strong asset base: six hoist lifts, marque-specific diagnostics (Mercedes-Benz, BMW, VW, Audi, Porsche), professional tooling, three integrated kiosks with backend systems, mezzanine racking, and about S\$500k of inventory.

For strategic acquirers or operators seeking a turnkey, process-driven platform, this business offers immediate capacity, diversified revenues and strong brand presence with low transition risk; the owners will support a structured handover with SOP transfer and key partner introductions.
