

Software Consultancy Business for Sale Christchurch

Implementation, Advisory, Routine Works, Bookkeeping

The Business

The key strengths of this business include (but are not limited to):

- Growing
- Owner is hands off – Highly skilled team in place
- Mixture of Software Consulting & Bookkeeping work
- B2B Sales
- Limited competition
- A leader in an emerging industry and a new category
- Clearly identified opportunities for growth
- Consistent lead generation from software suppliers and professional advisors
- Exceptional systems & processes

The Staff

Very capable consultants are either employed by the business, or contracted to it. The team have excellent experience in what they do and enjoy their roles. Staff are not Canterbury based so this business could be run from anywhere in New Zealand.

Business Resources

Vendor/Buyer

The vendor has committed to a full-time role elsewhere, and feels the business could further grow under new ownership. The buyer could be:

- A systems integration or consulting business wanting to bolt-on additional capability
- An accounting firm or bookkeeper wanting to own the Software Advisory space
- An IT or software specialist wanting to “do their own thing”
