

# Synthetic Turf Import & Installation Business for Sale Servicing all of Auckland

**kakapo**

SYNTHETIC TURF IMPORT & INSTALLATION  
Auckland

## Synthetic Turf Import & Installation. 2 Year Average Profits \$467,000+

A well-established synthetic turf, shock pad and outdoor surfacing import and installation business with strong systems, significant assets, an experienced team and a proven Auckland market position.

The business operates across residential, commercial and education sectors, with growth opportunities in schools, childcare, playground surfacing, multi-sport surfaces and tennis courts. Its proprietary Critical fall height rated shock pad systems support commercial playground and education-sector work, where safety, compliance and durability are key decision drivers.

With 3,000+ projects delivered and a substantial base of five-star Google reviews, the business benefits from importer advantages, premium turf and shock pad systems, strong lead generation, modern assets and technology-enabled sales operations.

Systemisation is a key strength, including custom quoting tools, customer-facing quote presentation, structured CRM workflows and a proprietary Deal Intelligence Workspace Application supporting lead follow-up, sales visibility and conversion discipline.

Project delivery is supported by an existing team across sales, operations, warehouse, technical design and finance, giving the business strong transferability and potential to operate under management.
