Profitable Takeaway Business with Growth Potential - East Auckland

An excellent opportunity to purchase a long-established 6-day takeaway business in a busy East Auckland suburban area.

The business currently achieves weekly sales of approximately **\$4,500 to \$5,000**, with very reasonable rent of around **\$552 per week including GST** and a secure **4 + 4 + 4 year lease**.

Well positioned among supporting shops, with a large residential catchment and no direct competition nearby, this is an ideal opportunity for an owner-operator to step in and grow.

There is clear potential to increase sales by expanding the menu, adding delivery platforms, and targeting nearby school and residential trade.
