Pump & Electrical - \$1m EBPITD - Rural, Civil, Commercial

A leading North Island business offering specialist electrical and pump services to a diversified client base across: dairy and on-farm, commercial, industrial and civil infrastructure.

The owners have built a strong reputation and technical capability across the diverse and attractive industry sectors. The diversification has also led to consistent revenue and with the owners looking to retire provides a strong base from which a purchaser can take the business forward.

Key highlights

- The business has a long history and a reputation for excellent service and technical capability.
- The staff are highly skilled, as master electricians with complimentary skillsets across mechanical fitting and welding.
- A diversified customer base across agriculture, food processing, civil infrastructure and other commercial and industrial sectors.
- A long history of profitability and stable revenue, providing a purchaser with an ideal platform from which to grow.
