## For Sale

Location: **Tauranga**  
Asking: **\$69,996**  
Type: **Hospitality-Cafes**

### The COOLEST food truck around - The Wave Cafe Mini

No other food truck like The Mini Wave Cafe. It has been custom made and would be extremely hard to remake. Lots of thought and engineering has gone into make this super unique food truck. The underside has a very tidy chassis and the shell of the trailer is made from aluminium to withstand up to NZ's harsh environment, not to mention living by the sea. By far better than anything you get from NZ Trailers. We have given the trailer a full wrap and the surfboards look super cool. The drawbar has a Honda EU70is Inverter Generator with 32amp Socket. These are by far the best and most reliable generators on the market not to mention how good it is on fuel. The Generator is just warming up with only approximately 700hrs. The Mini Wave Café is a well-established mobile café brand with no fixed location, operating successfully across events, pop-ups, markets, and private functions. The business is known for quality coffee, real fruit ice cream and smoothies, smooth operations, and a relaxed, coastal-inspired vibe, making it a popular choice for festivals, corporate events, community activations, and private bookings. With a strong events calendar and repeat clients, The Mini Wave Café is already busy and profitable, while still offering significant scope for growth. Opportunities exist to expand into new event types, increase booking capacity, or look for a fixed location. Fully mobile and turnkey, the business includes all required equipment, branding, and systems to operate immediately. This is an ideal opportunity for an owner-operator or investor looking for a flexible, lifestyle-friendly business with multiple income streams and strong future potential.
