Fresh Produce, Artisan Goods Retail Business

This retail business has been established for over 12 years and has an excellent brand, reputation and is known for its quality product offerings.

The Green Grocer Thames has a wide range of high-quality fresh produce and artisan products which provides broad appeal to its local and regional customer base.

The financial performance of the business is solid with consistent sales revenue, and a good return for the working owners. There is room for further growth and the Vendors can share ideas with a purchaser as part of the sale process.

This business has:

- * Impressive sales and profits
- * Strong Customer base from wider geographical area
- * Ample Customer Parking on premises
- * Excellent brand and Reputation
- * Well-presented and modern premises
- * Excellent vendor assistance included in sale
- * Reliable multi-supplier network ensuring fresh and high-quality stock

This business would ideally suit a person/couple with a sales background who have a passion for food and/or cooking.

Knowledge or an interest in the fresh produce/artisan foods sectors would be an advantage. However, between the supplier network and transitional support from the current vendors this gap could easily be bridged.

Coupled with a lifestyle location this could be your opportunity to move from the city and enjoy a different way of living and working.
