

Established Boutique Salon Business for Sale Auckland

For Sale

Location: **Auckland**
Asking: **\$295,000**
Type: **Health/Beauty**

Highly profitable, Established Boutique Salon Opportunity

A senior hairstylist working full time can generate earnings of more than \$200,000 by acquiring this well appointed, well located hairstyling boutique. With two employees and two contractors, there is capacity to grow the business substantially with greater utilisation of this large, modern salon.

An unfortunate health diagnosis has prevented the current owner from working for much of the past year, but a healthy profit was still able to be made from the business, proving the depth of expertise and the consistent demand from clients in this rapidly growing, affluent, and family-oriented suburb. The business has a long term lease with carparking available right outside for easy access by clients.

Don't miss out on this stunning opportunity to inherit a great business and a valuable investment opportunity.

Asking price: \$295,000
