

# Residential Property Management Shareholding Business for Sale Tauranga/Rotorua

## PROPERTY MANAGEMENT

*Maximising value.  
Minimising stress.*

### Strategic Investment and Growth Opportunity - Bay of Plenty Property Management Business Shareholding

An exciting opportunity exists for a strategic investor or business partner to acquire up to 50% ownership of a well established and growing property management business operating throughout the Bay of Plenty.

With close to 300 properties under management and a strong reputation for service, professionalism, and client care, the business has established solid foundations and is well positioned for future growth.

We are not simply looking for a passive investor, we are seeking a like-minded partner who shares our vision of building one of the leading property management businesses in the region.

We are open to a range of investment structures, from a passive investor seeking a quality business opportunity through to someone who wishes to take a more active role within the business. Ideally, we would love to connect with an experienced property investor who understands the importance of quality property management and is passionate about delivering exceptional outcomes for landlords and tenants alike.

#### Business Resources

Established property management business with almost 300 properties under management.

- Strong systems, processes, and experienced team already in place.
- Significant opportunities for organic growth throughout the Bay of Plenty.
- Expansion opportunities into Hamilton and Auckland.
- Strong referral relationships and established market presence.
- Ability to purchase up to 50% ownership.

This opportunity would suit a successful property investor, business owner, entrepreneur, or industry professional looking to participate in the growth of a scalable property management business.

All discussions will be treated in the strictest confidence.
