

Service Business for Sale Nelson

Heat pump cleaning and servicing

Tony's Heat Pump Cleaning & Servicing

Established Service Business - Loyal Client Base - Immediate Income Opportunity

An excellent opportunity to acquire a well-established and respected heat pump cleaning and servicing business with a strong reputation and over 1,000 existing clients.

Tony's Heat Pump Cleaning & Servicing has built a solid residential customer base, complemented by some commercial work, providing consistent repeat business and ongoing demand throughout the year. This is an ideal owner-operator business offering flexibility, strong earning potential, and low overheads.

Currently operated as a one-person business, the operation is simple to run and does not require formal qualifications — just practical skills, reliability, and a positive can-do attitude.

Importantly, there are no franchise fees or ongoing royalties, meaning the income generated stays with the owner.

Only selling as moving away from Nelson.

Business Resources

This business would suit:

A tradesperson wanting to work for themselves

Someone seeking a practical, hands-on business

A husband-and-wife team

An existing operator looking to expand their client base

A motivated individual wanting to step into self-employment without starting from scratch

With demand for heat pump servicing continuing to grow across New Zealand, this business presents an affordable entry into an essential service industry with proven systems and an established customer base already in place.

Selling with vehicle and all equipment to operate business.
