Type: **Retail-Food Other**

No Franchise No Marketing No Hidden On-going Fees

Selling - Soft Serve Ice Cream, Real Fruit Ice Cream, Sundaes and Milkshakes all from one Van...

Why limit Yourself to only one product has always been our thoughts ?

When I set up my first Van, I wanted to sell Real Fruit Ice Creams and my Son wanted to sell Soft Serve Ice Creams, when looking at margins both products stacked up, but why be limited to just one market I thought. With my background in building and maintenance, I designed a way of doing both from one Van and most importantly still having the space to operate, for more than one person within the Van.

Our vans are built in-house using high-quality, fit-for-purpose equipment, they can be operated solely, or as we prefer there is room for two people to work comfortably.

Each van is designed to be fully self-sufficient and can operate both as a mobile unit, (doing Street Runs) and/or from a fixed location, power can be supplied either by the onboard generator or via the 16A CEE plug, making the setup even suitable for quiet events and because the power supply is independent of the vehicle's engine, the engine does not need to be running while the van is in operation. This also allows the fridge, freezers, and other equipment to stay powered overnight if required without the noise of a generator or engine running.

Our vans are sold fully equipped and ready to operate (consumable/stock not included, MPI/Council registration in your required, we are happy to assist with this).

They are typically quality used second-hand courier vans with good maintenance records and come fitted with all brand-New Equipment, including Signwriting, Music/ Audio, Generator, Soft Serve Machine, Real Fruit Ice Cream Machine, Milkshake Machine, Fridge/Freezer, a Separate Freezer, 12V Tap Sink with Water Supply, a Cash Drawer and with plenty of Built-in Storage also come complete with Electric Certificate.

You are free to choose where you source your products locally to you, running your business your way. We can provide a list of suppliers we use, but you are not restricted to these suppliers or tied-house arrangements. The only requirement is that all suppliers must be MPI registered. We believe in giving you the flexibility rather than adding unnecessary mark-ups to your operation.

A Sample Van (and Our current operating Van), available for viewing in Christchurch.

Price includes the Van with Reg/Wof, Elec certificate, completely fitted out with all New equipment as listed above, which you Own outright, with the right to use the 'Soft Serve or Real Fruit Ice Cream Ltd' name, under license agreement and includes Delivery of Van to your location, New Zealand Wide.

There are No Ongoing Franchise, Marketing, Etc Fees...
