

Renovations and Residential Construction Business for Sale Servicing all of Auckland

kakapo

PREMIUM RENOVATIONS
Auckland

Premium Renovations. Premium Profits of \$300,000+ (3 Yr Average)

Exceptional profits, built on quality workmanship and outstanding customer service.

This Auckland-based residential construction business specialises in premium renovation projects for affluent homeowners.

Operating at the upper end of the residential market has proven to be a masterstroke. In a period where the wider construction industry has softened, the business has accelerated, with FY26 delivering exceptional profits of \$460,000+.

Supported by an experienced, loyal contractor network, strong referral channels, and a healthy forward pipeline of work, this is an outstanding opportunity for a trade-qualified builder or existing operator seeking growth through acquisition.

Business Highlights

- Strong forward pipeline of confirmed and prospective work. A new buyer will hit the ground running.
- Current vendor will support a new owner with a comprehensive handover.
- Assets include a Fiat Ducato LWB van and quality tools of the trade
- Established referral and partnership channels generate ongoing opportunities
- Network of loyal, long standing subcontractors
- Strong growth potential from increased marketing, new partnerships, team growth and development opportunities

While the asking price reflects the current owner's active involvement in the business, the foundations are set for a new owner to enjoy continued success.

With a strong pipeline of work, established referral networks, experienced contractor team, and premium market positioning, a new owner - particularly one with the same commitment to quality and customer service - can continue building on the outstanding results this business has achieved.
