### Established Physiotherapy Clinic | National Reach

Ready to take over a highly successful, established physiotherapy business with multiple revenue streams and a powerful referral network?

Operating for over a decade, this respected Auckland clinic operates from a premium location and has built an exceptional reputation. Positioned alongside major medical providers, the business benefits from highly consistent referrals and walk-in traffic across sports rehabilitation, workplace injuries, paediatric, and geriatric care. An online physiotherapy product store provides an additional, passive income stream alongside the premium in-clinic services.

The business generated an impressive turnover of approximately \$1M in the last financial year and is supported by an experienced, stable contractor-based team of practitioners and part-time reception staff.

The current owner works approximately 20 hours per week, and focuses on administration and management, making this a highly transferable and genuinely turnkey opportunity for an investor or clinician looking to step into a leadership role.

Further growth potential exists through increasing practitioner capacity within existing operating hours to meet ongoing demand.

#### Highlights:
