PLUMBING. GAS FITTING & MAINTENANCE
Auckland

Auckland Plumbing, Gas Fitting & Maintenance. FY26 Profits \$690,000+

There is so much to like about this business.

Fantastic customer base built on repeat business, referrals and zero advertising. The customer base is a great mix of ongoing Body Corp work, good margin insurance work, and inbound maintenance work coming from google reviews, property managers and existing clients. To be clear, there is almost zero project work.

The team, all working independently from their vehicles, are clean cut, self-starters and getting it done. The assets are fit for purpose, sign written, well-branded and not capital intensive.

The vendor is committed to a setting the purchaser up to transition customers, the team, and industry knowledge based on their level of knowledge & experience.
