### Accredited Security Business, 45-Year Track Record

Few businesses in this sector carry the accreditation, client tenure, and operational depth this Auckland security business has built over 45 years.

It is the kind of business that earns trust once and keeps it for decades.

Combining mechanical and electronic security services, the business operates across multiple revenue channels and serves a broad mix of commercial, institutional, and domestic clients. Margins are strong, the team is experienced and long-tenured, and the client base is deeply embedded. Several clients have been with the business for more than 20 years.

Accreditation sets this operation apart from the general market. Approvals held by the business are rare nationally and open doors to client categories most competitors cannot access.

- \* 45-year operating history
- \* Strong gross margins sustained over two decades
- \* Multiple diversified revenue streams including recurring contracts
- \* Nationally rare government and institutional accreditations
- \* Skilled, stable team with low turnover
- \* Active retail and e-commerce presence
- \* Recession-tested with no retrenchments across multiple downturns.

Transition support is provided. A buyer with a clean background steps into a well-run business with genuine growth paths available and a reputation that does much of the selling for them.
