High Margin Promotional Products Business with Proven Profitability

This is an established B2B promotional merchandise and corporate gifts business supplying branded products to clients across New Zealand and international markets. The business has developed a strong base of repeat corporate customers and established supplier relationships, enabling consistent margins and reliable profitability. Operations are streamlined, covering product sourcing, import coordination, and customised branding solutions.

The business benefits from ongoing demand for promotional and marketing products across multiple industries, with opportunities to further grow through online marketing, expanded distribution channels, and increased client acquisition. This is a well-positioned, easy-to-operate business suitable for a new owner or an existing operator looking to expand their portfolio.

Business Resources

The business is supported by established supplier relationships, a reliable production and logistics network, and streamlined ordering and fulfilment processes. It operates with standard office equipment and systems for sourcing, quoting, and customer management. No dedicated premises are required, providing flexibility and low overheads. The business is currently owner-operated with support from trusted external suppliers and logistics partners.
